## DETAILED ACTION

### NOTICE OF NON-COMPLIANT AMENDMENT/NON-RESPONSIVE.

The reply filed on 11/08/05 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

Applicant's reply received on 11/28/2005 is not deemed to be fully responsive to the prior office action because Applicants elected the Species II (Fig. 6) with traverse but did not state the ground of traversal as why the Species are not patentably distinct. Accordingly, applicant has failed to state the position as why the species are not patentably distinct. In addition, claims 1, 9, 18 requires locking hook or elastic member or a base bracket or even base member and claims 21, 23 and 24 each requires a locking mechanism that "automatically locks the monitor stand in a locked position". All these required elements shown on Figures 1-5 but not on the elected Figure 6. Since Applicant elected the species that has no claims that are readable to the elected species in order to examine on the merits. The election is therefore considered to be non-responsive. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
